Table No. 1

S. No.	Gist of Query from bidders	Clarification by SICOM
1	The bidder asked for the nature of Soil and data for arriving at the proper estimate for the installation of facilities at Beaches	SICOM suggested bidders to visit beaches and assess the soil. SICOM will intimate the nodal officers of respective beaches for necessary assistance, if required.
2	The Bidder asked for indicative layout drawing for infrastructure facilities to be installed in these beaches so that they can estimate the length of cabling and trenching and other network pipelines for solar power plant, water recycling plant and drinking water facilities	SICOM clarified that all facilities will be set up in the length of 500 metres and width of 25 meters depending upon the availability of land in each of these beaches. One indicative layout drawing will be uploaded on SICOM website.
3	Bidders have asked for TDS level of supplied water in the beaches so that correct estimate can be made.	SICOM clarified that water supply will be given by the local authority under municipality limit /Panchayat limit
4	The Bidders asked for the assistance for electricity and water supply during the execution and installation of facilities	SICOM clarified that the Bidders have to arrange their own electricity through captive power and water through water tanker during the installation work.
5	Bidders requested for storage arrangement at the beach so that they can keep their tools and tackles during the execution of the project	SICOM clarified that the budget has been provided for site office / storage in the tender and the bidders have to arrange them at their own before starting the work and office will be continued thereafter.
6	One of the bidders asked for modification in the eligibility criteria to make them even more stringent so that only Bidders with relevant and specific experience qualify	No change suggested as the Bid qualification criterion ensures competitiveness as well as desired experience / quality.
